

Fernwood Place – Covid 19 Update

CODE RED remains in place for the Province of Manitoba with slight revisions to the Public Health Order effective

April 21, 2021.

The following directives are implemented:

- Households can have only two designated people as visitors into the building.
- If you choose to have two (2) designated people, they must remain the same people and does not mean you can change those two (2) people intermittently.
- Essential workers which aide in daily living requirements, housekeeping, etc., continue to be allowed.
- Outdoor visits up to ten (10) people including members of a household on an outdoor private property.
- All common areas, including waiting areas, remain closed and sectioned off to discourage loitering. Any loitering in common spaces, including hallways, is not allowed
- Retail shopping will be open at 33% capacity for all items.
- Restaurants are open at 50% capacity and you must sit with members of your own household ONLY.
- Deliveries to your suite must be made by your designated person, otherwise they must be done at the front door.
- Walking outside for fresh air and exercise is encouraged however the exercise room remains closed.
- Masks must be worn covering your nose, mouth and chin without gapping by anyone in public spaces.
- Haircare services have been re-established at a limited capacity. All programming continues to be suspended but is under review. More details to follow.
- All meal programs deliveries will be made to your suite door until further notice.

These new public health orders are in effect until May 12, 2021.

Please continue to be respectful of your fellow tenants and behave responsibly.

Remember to continue to self-monitor any symptoms and Contact Public Health at 888-315-9257 if you have concerns about symptoms.

Questions/concerns can be directed to Bonnie Begalke at 204-346-5020.
