From the Chaplain's Desk

"...we take every thought captive to make it obedient to Christ..." 2 Cor. 10:5

Have you ever been in a situation, perhaps falling asleep at night, when suddenly the most horrendous thought appears in your mind? An image, or perhaps a temptation? And you wonder, 'Where on earth did that come from?' I certainly have, and if you've shared that experience, your next thoughts are probably, 'Where in me did that come from?' The answer may surprise you, but it didn't come from in you at all.

In the way the Bible understand things, the human mind is not just the brain. Our ability to think is ultimately a power of our soul. The Greek word for mind is Nous. The Nous (Mind) does not create thoughts. People don't create thoughts. Instead, the Nous (Mind) is our spiritual organ of perception. It is what allows us to take in information from the worlds around us (physical and spiritual) and then make sense of that information. But we know that in the worlds around us there are many evil forces at work. Thus, our Nous (Mind) is constantly being bombarded by evil things. But that's just the point: While our minds are being bombarded by evil things, we are not generating those things. We have the ability to reject them, to say no. They come from outside us.

The trouble is, in our sin-sick state, our defenses have fallen down. We welcome sinful thoughts from outside, rather than rejecting them. We let them take root, and overtake us. Thanks be to God, part of our salvation is that we now have 'the Mind of Christ.' In His power we can truly take every thought captive, rejecting the evil and embracing the good. Our defenses are being rebuilt day by day in the power of the Holy Spirit. In Him, you have the strength to say no.

-Scot Moir

We would like to Celebrate the 2022
Volunteers with a

VOLUNTEERS APPRECIATION BBQ!

THANK YOU
FOR ALL
THAT YOU
DO!

We welcome you to bring a lawn chair along!

The invitation is framed by a black border and surrounded by vibrant tropical illustrations. At the top right, there are two bright red hibiscus flowers with white centers, set against large green monstera leaves. On the left side, a tall bird of paradise flower with orange and yellow petals stands next to various green foliage, including palm fronds and smaller leaves. The background is a light pinkish-beige color with faint, repeating patterns of coconuts and leaves.
